

Network authentication principles and network components are not news to you?

You have basic knowledge of operating systems?

You possess communication & coordination skills?

IF SO, THEN COME JOIN US!

Location: CH-8134 Adliswil

Duration: 3 – 6 months (it is your choice)

Department: Network Team

About your work and what learning opportunities we offer you

YOUR WORK

- Be part of a Proof-of-Concept phase
- Test wireless service parameters and functions in an IT Lab
- Coordinate and execute project activities
- Schedule and allocate resources with external service providers
- Raise Change Requests and oversee their execution
- Manage communication with stakeholders and project team

Dependent on your motivation, existing knowledge and after you gained enough insight, we would like to listen to your unbiased opinion about our current Wi-Fi services.

Impress us with your fresh ideas on how we can further evolve our service and be part of the journey!

YOUR LEARNING

Wi-Fi infrastructure & design

Working in an IT Lab

User Experience – how to measure quality of service

Monitoring tools for Wi-Fi

Network Access Control with ISE (Identity Service Engine)

Send your application to: bianca_argento@swissre.com

About the Team

We are a global, diverse team called "Connectivity Services" located in Zurich, Adliswil, Folkestone, Bratislava, Armonk, Hong Kong and Toronto. We cover an overarching spectrum of network services from on premise solutions like Wi-Fi, LAN, MAN and Smartbuilding to global solutions like SD WAN, WAN Optimization, Internet & Proxies, VPNs and Cloud Connectivity as well as Datacenters, ICT Rooms, Firewall & Security Services, DDI (DNS, DHCP and IP Address Management) and Loadbalancing. Our motto is to create a positive customer experience and be smarter together.

Embedded in the Connectivity Services Group, the Network team which you will be part of manages services such as Office LAN, Wireless (Wi-Fi), Smartbuilding and are actively involved in WAN connectivity for each Swiss Re location. Aside from typical IT Service Management activities, this team also covers the architectural spectrum and designs new solutions and service offerings for our customer base.

We are proud to be a global team of 28 employees from 11 different countries. The beauty of diversity in our team manifests itself not only in the mix of different job roles and responsibilities but also in our multi-cultural team spirit which allows everyone to give their best in his or her unique way.

About Swiss Re

The Swiss Re Group is one of the world's leading providers of reinsurance, insurance and other forms of insurance-based risk transfer, working to make the world more resilient. It anticipates and manages risk – from natural catastrophes to climate change, from ageing populations to cybercrime. The aim of the Swiss Re Group is to enable society to thrive and progress, creating new opportunities and solutions for its clients. Headquartered in Zurich, Switzerland, where it was founded in 1863, the Swiss Re Group operates through a network of around 80 offices globally.
